PROFILE

I am an experienced Software developer, with a passion for developing efficient optimize applications. I have the required experience in the industry, more than 2 years working as a software developer I am knowledgeable about the JavaScript language, reactJS framework, NodeJS, and understanding of many tools for the optimization of applications. I pride myself on my ability to work and coordinate with the team. I am highly organized, detail-oriented, and have good communication skills.

WORK EXPERIENCE

5paisa capital ltd -1.5Yr (on notice period)

PROJECTS

1. CHARTS- (Javascript)

Area of Responsibility

- implementation of the lightweight chart and Tradingview library in JavaScript.
- solving production bugs.
- implementation of the gulp in both projects.
- Gzip compression of the files for performance enhancement.

2. DERIVATIVES- (React)

Area of Responsibility

- Integrate chart in F&O project.
- Did order page module.
- Did modify page module.
- solving production bugs.
- implementation of the gulp.
- implement Gzip compression.

3. Plugin of 5paisa - (Javascript)

Area of Responsibility

- Made a library for the plugin.
- Made order page and modify page in javascript.
- Made a demo small project for the same.
- Made API for Plugin in NodeJS.

Purpose of the project-

this is for the third-party vendors, they can integrate this plugin by CDN link and use 5paisa to Buy and Sell the stocks. as some vendors don't have the facility of brokerage because of the SEBI regulations, so they can use brokerage firms like Zerodha, angle one, 5paisa, etc. for that
